# Stay the course on retirement savings

Make sure you're heading where you want to go with an annual checkup.

## Step 2:

**Update your profile and beneficiaries.** Make sure your information is up to date, especially if you've recently experienced a life event.

**MAKE UPDATES** 

# Step 4:

Check where you're invested. Make sure your investment choices still align to your long-term goals.

**CHECK INVESTMENTS** 

### Check your balance.

To get your bearings, start by using our agebased milestones to see where you are on the path to retirement.

**LEARN MORE** 

# Step 3:

### Review your savings rate.

Choose your path: Try to contribute enough to get your full employer match or increase your contributions by 1% each year.

**INCREASE NOW** 

### Step 5:

### Ask for directions!

Even if you don't know where to start, there's help available online, in person, or by phone.
